

Database Query Questions

1. How many entries do you have in your database who have applied for Fall 2026?
 - a. Answer: 29608
 - b. Query: Filtered term columns that contain Fall 2026 and then did a COUNT to get total number of rows
2. What percentage of entries are from international students (not American or Other) (to two decimal places)?
 - a. Answer: 45.61%
 - b. Query: Count rows of column us_or_international but filter out American and "other". Then divide the count by total rows in database and then multiply by 100
3. What is the average GPA, GRE, GRE V, GRE AW of applicants who provide these metrics?
 - a. Answer: GPA **3.77**, GRE **165.83**, GRE V **160.75**, GRE AW **4.35**
 - b. Query: Used AVG on each metric and made sure GRE and GRE V are filtered for range between 130 – 170 and GRE AW for range of 0-6
4. What is their average GPA of American students in Fall 2026?
 - a. Answer: 3.78
 - b. Query: Filters term column to Fall 2026 and nationality column to American and then take AVG
5. What percent of entries for Fall 2026 are Acceptances (to two decimal places)?
 - a. Answer: 36.96 %
 - b. Query: Filter term column to Fall 2026 and did count of row where status is accept. After divided by the total Fall 2026 entries and multiplied by 100
6. What is the average GPA of applicants who applied for Fall 2026 who are Acceptances?
 - a. Answer: 3.76
 - b. Query: Filter term to Fall 2026 and status to accept and non-null GPA. Then take average GPA of the filtered entries
7. How many entries are from applicants who applied to JHU for a masters degrees in Computer Science?
 - a. Answer: 8
 - b. Query: Used both program and llm_generated_university columns to search for JHU or Johns Hopkins. Required degree column to contain master. Used both program and llm_generated_program to have computer science
8. How many entries from 2026 are acceptances from applicants who applied to Georgetown University, MIT, Stanford University, or Carnegie Mellon University for a PhD in Computer Science?
 - a. Answer: 28

- b. Query: Filtered for 2026 term, accepted status, PhD degree and CS program
- 9. Do you numbers for question 8 change if you use LLM Generated Fields (rather than your downloaded fields)?
 - a. Answer: 28
 - b. Query: Same query as before but used the llm_generated_program and llm_generated_university. Number did not change when using LLM generated fields meaning there were no additional entries that matched for this case
- 10. Which degree type has the higher average GPA among Fall 2026 applicants?
 - a. Answer: PhD with 3.8
 - b. Query: Groups Fall 2026 entries into PhD, Masters and Others based on degree column using a CASE statement and calculated the average of each group
- 11. What is acceptance rate by nationality for PhD CS Fall 2026?
 - a. Answer: American – 37.27% and International – 32.78%
 - b. Query: Filters to Fall 2026, PhD degree, CS program, and non-null nationality and groups by nationality and calculates acceptance rate for each group
